

# Professional Development

## Full Support for Program Implementation and Beyond

Benchmark Education offers a range of professional development, beginning with components within the program and extending to live and virtual session options. Highly qualified trainers are experts in Early Childhood, biliteracy, and English Learner instruction, and the program offers implementation training sessions and beyond.

### Sustained Professional Development

#### Follow-Up Product Sessions & Custom Options

Support available throughout the life of your adoption:

- In-depth, topic-focused follow-up implementation trainings
- Train-the-trainer sessions
- Custom professional development based on your needs

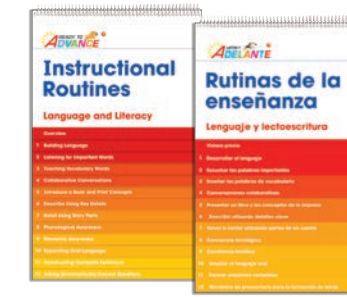

### Built-In Resources

#### Classroom Management—Early Learning Professional Development Guide

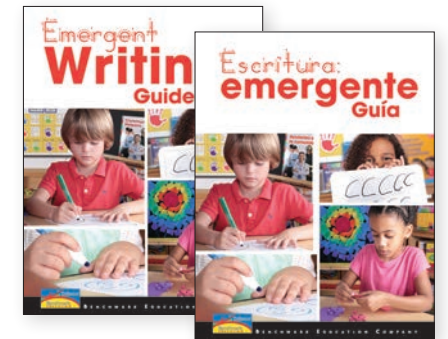

Vicki Gibson, Ph.D.

Everything you need to know about managing the Prekindergarten classroom! Best practices, tips, tools, and more are included in this professional book exclusive to Ready to Advance and Listos y adelante!

#### Instructional Routines Flipbooks

Research-based routines embedded in the program are provided in a quick-reference format as a training tool or resource for para-professional, or to reinforce evidence-based instruction.

#### Emergent Writing Professional Guide

An invaluable tool for understanding the learning progressions and stages of writing development. Also included are practical activities that teach the prerequisite skills for writing mechanics!

### Implementation Training

#### Live Virtual Sessions

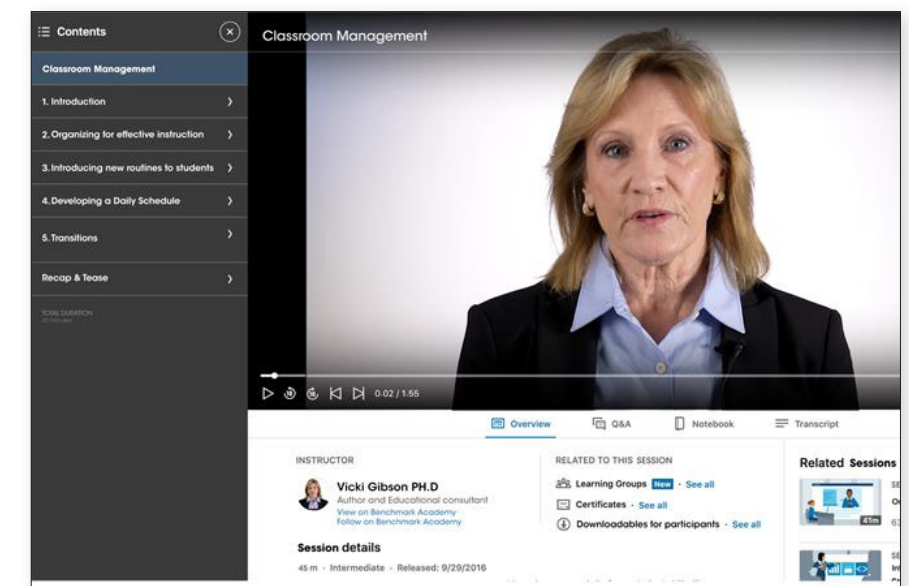

Synchronous training held virtually with a Benchmark Professional Development team member.

#### Live In-Person Sessions

Training sessions held live with a Benchmark Professional Development team member.

### On-Demand Product Training

#### Texas Ready to Advance Training Module

Available 24/7 from Benchmark Universe, the Ready to Advance and Listos y adelante training modules are available to all teachers and administrators that purchase the program for the life of the adoption.
